

Competency Dictionary A World Leader In Competency Based

Competency Dictionary A World Leader In Competency Based The Power of a Competency Dictionary Your Guide to a WorldClass Workforce Weve all been there trying to describe what makes a great employee Its a tricky thing right Theyre a hard worker you might say Theyre a team player you could add But those are just vague ideas How can you truly measure and build a team of top performers Thats where a competency dictionary comes in Think of a competency dictionary as a roadmap for your companys success Its a structured collection of clearly defined competencies skills and behaviors that outline the ideal qualities of an employee in different roles Its not just about listing job requirements its about creating a shared understanding of what excellence looks like within your organization Why is a competency dictionary so important Clear Expectations When everyone knows the rules of the game it creates a level playing field Employees know exactly whats expected of them and managers have a clear framework to guide their evaluations and development plans Targeted Recruitment No more guessing With a competency dictionary you can identify the specific skills and traits needed for each role making your recruitment process more effective and targeted Employee Development By understanding the desired competencies you can create individualized training and development programs that help employees reach their full potential and contribute even more effectively Performance Management Evaluations become more objective and aligned with company goals Competencies provide a framework for measuring performance and identifying areas for growth Stronger Culture A competency dictionary defines the values and behaviors that make up your company culture This fosters a sense of unity alignment and shared purpose Building Your Own Competency Dictionary A StepbyStep Guide Creating a competency dictionary might seem daunting but it doesnt have to be Heres a simple approach you can follow

- 1 Define Your Core Values Start by clearly identifying the core values that underpin your company culture These will be the foundation of your competency dictionary
- 2 Identify Key Roles What are the most important roles in your organization Focus on these roles initially and expand gradually as you become more comfortable with the process
- 3 Determine Core Competencies For each role brainstorm the key competencies needed for success These could include skills knowledge abilities and behaviors
- 4 Define Competency Levels To provide a clear understanding of expectations

define different levels of proficiency for each competency such as Beginner Intermediate and Advanced

- 5 Create Competency Descriptions Provide detailed descriptions for each competency clearly outlining the expected behaviors and knowledge
- 6 Gather Feedback Involve your team in the process Ask for feedback on the competency descriptions to ensure clarity and relevance
- 7 Test and Refine Dont be afraid to experiment and refine your competency dictionary as needed

Continuously evaluate its effectiveness and make adjustments based on your experiences

FAQs

- 1 What is the difference between a competency dictionary and a skills matrix While both focus on skills and abilities a competency dictionary is broader and goes beyond simply listing skills It also includes behaviors values and knowledge needed for success A skills matrix on the other hand typically focuses on specific technical skills
- 2 How often should a competency dictionary be reviewed and updated Its best to review and update your competency dictionary regularly ideally every 12 years or whenever significant changes occur in your company industry or roles
- 3 Can a competency dictionary be used for all employees Yes but youll likely need to create different dictionaries for different departments or levels For example a leadership competency dictionary might have different priorities than a technical one
- 4 What are some examples of competencies Common competencies include communication

problemsolving teamwork leadership adaptability and analytical skills 5 What are the best resources for developing a competency dictionary Besides Competency Dictionary you can also explore resources like SHRM ATD and the Society for Human Resource Management for guidance and templates
